Mr. Ralph Angellio,  
322 North 9th St.,  
Paterson, N. J.

Dear Mr. Angellio:

I have received your letter of May 4th telling me that you had expected another letter from me. I was under the impression my letter to you was all that was necessary to assure your announcing the game scheduled between the Eagles and Cubans in Paterson this coming Saturday, May 9th. I am expecting you to work the game and appreciate your cooperation.

I have been wondering if it would be possible to change the hour of the game to 5 O'Clock at this late time. It has been called to my attention that 5 to 7 would be the hour when you could get two shifts of people who are working in the various factories there to attend. I am afraid it is too late now, but I will write Mr. Joe Gooter, 284 - 17th Ave., Paterson at the same time and ask him if he thinks it could be done.

I think unless you have further notice, we better plan to start the game at 3 P. M. as scheduled.

Very truly yours,
